

## Guest Wi-Fi Wireless Networking Acceptable Use Policy

We are offering the guest Wi-Fi wireless Internet service (the “Service”) according to this Guest Wi-Fi Wireless Networking Acceptable Use Policy (the “Policy”) as a free, non-public service exclusively for customers of Attic Self storage. Violations of this Policy may result in the suspension or termination of access to the Service or termination of your self-storage contract.

### **Responsibilities of Service Users:**

Users are responsible for ensuring they are running up-to-date anti-virus software on their wireless devices. Users must be aware that, as they connect their devices to the Internet through the Service, they expose their devices to worms, viruses, Trojan horses, denial-of-service attacks, intrusions, packet-sniffing, and other abuses by third parties. Users must respect all copyrights. Downloading or sharing copyrighted materials is strictly prohibited. The running of programs, services, systems, processes, or servers by a single user or group of users that may substantially degrade network performance or accessibility will not be allowed. Electronic chain letters and mail bombs are prohibited. Connecting to "Peer to Peer" file sharing networks or downloading large files, is also prohibited. Attempting to circumvent or subvert system or network security measures is prohibited. Creating or running programs that are designed to identify security loopholes, to decrypt intentionally secured data, or to gain unauthorized access to any system is prohibited. Saturating network or computer resources to the exclusion of another's use, for example, by overloading the network with traffic such as emails or legitimate (file backup or archive) or malicious (denial of service attack) activity, is prohibited. Users understand that wireless Internet access is inherently not secure, and users should adopt appropriate security measures when using the Service. We highly discourage users from conducting confidential transactions (such as online banking, credit card transactions, etc.) over any wireless network, including this Service. Users are responsible for the security of their own devices.

### **Lawful Use:**

The Service may only be used for lawful purposes and in a manner that we believe to be consistent with the rights of other users. The Service shall not be used in a manner that would violate any law or infringe any copyright, trademark, trade secret, right of publicity, privacy right, or any other right of any person or entity. The Service shall not be used for the purpose of accessing, transmitting, or storing material that is considered obscene, libelous or defamatory. Illegal acts may subject users to prosecution by local, state, federal, or international authorities. We may cooperate with legal authorities and/or third parties in the investigation of any suspected or alleged crime or civil wrong. We may bring legal action to enjoin violations of this Policy and/or to collect damages, if any, caused by violations.

### **Limitations of Wireless Network Access:**

We are not liable for any damage, undesired resource usage, or detrimental effects that may occur to a user's device and/or software while the user's device is attached to the Service. The user is responsible for any actions taken from his or her device, whether

## Guest Wi-Fi Wireless Networking Acceptable Use Policy

intentional or unintentional, that damage or otherwise affect other devices or users of the Service. The user hereby releases the Company from liability for any loss, damage, security infringement, or injury which the user may sustain because of being allowed access to the Service. The user agrees to be solely responsible for any such loss, infringement, damage, or injury.

### **Changes to Service:**

We reserve the right to change the Service offered, the features of the Service offered, the terms of this Policy, or its system with 7 days' notice to the user.

### **Terms of Service:**

You must comply with and be legally bound by the terms of this Policy. If this Policy or any terms of the Service are unacceptable or become unacceptable to the user, the user's only right shall be to terminate his or her use of the Service.
